

Retell the story together: Monster box template.

Book: There's a Monster in Your Book.

Use: Cut out the template. Support your child to assemble the monster toy template into a cube (fold all joins flat first, so it keeps its shape). Match the letter tabs to the side labelled with the same letter. See our video "putting together your monster toy". You will need sticky tape or glue. Use the monster toy to act out what happens in the story. See the *There's a Monster in Your Book* rocket card "[Retell the story together](#)" and the matching video for more information.

Extra: Your child might like to decorate the monster by colouring it in, or adding a tail or arms.
